

Job Title: Technical Director of Ecology
Location: Beckenham/Croydon (South London)
Salary: Competitive
Requisition: 42266

AECOM is an award-winning provider of professional design, technical and management support to a broad range of clients and markets, including transportation, buildings, environment, water and energy. We employ over 45,000 people globally and we can offer considerable career options and competitive salaries.

We are currently looking to recruit a Technical Director of Ecology in our Beckenham office to lead operations both technically and commercially. The primary focus shall be technical. The position has arisen due to the incumbent retiring.

The roles will involve: delivery of major projects, planning ecology surveys, protected species, botanical and habitat surveys. You will provide expert advice on various ecological issues relating to planning applications and infrastructure developments. Other core activities include: preparing ecological chapters for EIA reports, public enquiry and expert witness duties and business development.

Examples of projects include those ranging from infrastructure and transport developments through to renewable and habitat enhancement programmes.

Candidates for the role are anticipated to hold considerable experience in ecology consultancy with both supervisory skills, client facing experience, appropriate educational and professional qualifications. You are likely to hold a BSc/ MSc in Ecology / related PhD advantageous, membership of IEEM, chartered status ideal. Your experience will originally stem from a field surveying background and you will be able to provide a high level of technical advice to clients and colleagues.

We offer a competitive benefits package and unrivalled career options globally.

If interested please visit the careers section on our website at www.aecom.com . Alternatively call David Shedden on 0131 301 8729 for a confidential conversation or email david.shedden@aecom.com.

Recruitment agency applications, on behalf of candidates, are not being accepted for this post.

We are an Equal Opportunities Employer.
