

# Ecologist

(fixed term 12 months)

We are currently looking for an Ecologist to join our team of 20 qualified and highly experienced personnel covering ecology, landscape and urban design and countryside management and public rights of way. The role offers potential to work on a varied range of projects from regeneration and contaminated land, EIAs and highways to countryside management and public rights of way. A challenging role which will suit a self-motivated and enthusiastic person with a genuine interest in ecology and it's growing importance within the consultancy sector.

This is a great opportunity for someone who is passionate about ecology and sustainable development and wishes to be an integral part of a rapidly expanding, successful team. In return for initiative and commitment we can offer interested and varied workload in a friendly, forward thinking working environment. Necessary training and development opportunities will also be available. This post will offer business and career opportunities for anyone who has flair and ability, with competitive remuneration packages
